Customized payment processing

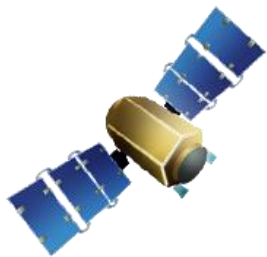

Dear Valued Clients.

As we look towards 2019 we are very thankful for your business and are looking forward to additional accounts and have some great new modules that we think you'll be interested to utilize in your offices as well as only online.

- We will of course look forward to supporting your 24/7 payments through your Webtownhall.org customized payment portal online, or in your office transactions going forward.
- We will continue to offer you online and in your office Installment payments and Split payments (using multiple instruments for payments: i.e. multiple cards; cash and cards; check, cash, and a credit card).
- Let's not forget the [Payments Plu\\$](#) your "Go-To" for credit card payments and e-checks used to cash-out and reconcile all transactions for all departments.

You can enjoy our secure PCI Compliant additional options online/ face-to-face:

- 1) [Generic Pay](#) so your customers can pay in your office that directly deposit into your existing Payments Plu\$ for any department
- 2) The Town of Guilderland Tax Collector's office has been receiving utility bill payments online and in their office using their [Generic Pay tab](#) for years...
- 3) The [Satellite.biz](#) **Point of Sale 'P.O. S.'** portal that allows for payments via Cash, Credit cards, and check with full reporting, rolling out 1st Quarter 2019
- 4) [Generic Pay sent via email](#) with customizable fields for your logo, Admin Header Section, Admin and Page Footer Optional more information box, Send email request button that send a unique verification code in a secured email to the recipient for online payment. Once processed the payment will post directly back your Payments Plu\$.
- 5) We Support Credit cards and or e-Checks
- 6) [Customized Generic Pay](#). Utilized by Schoharie County Treasurers Office for Delinquent Tax Payments for several years.
