

New 2015 Enhancements for **ALS**©

- On the Owners screen the Notes Screen will automatically appear rather than the Alternate Mailing Information. This will eliminate an extra step of clicking on the Note Screen and avoid the clerks missing important information.
- On the note screen, unlimited space.
- Ability for you to change previously locked data fields:
Provide administrator rights to fix errors:
void a license,
reissue a license,
change a tag number or method of payment,
and change license and dog type
all with the ability to reprint the license after making the changes.
- At the bottom of the owners page, where the listing of the dogs reflect,
A column that reflects SPAYED/NEUTERED/FEMALE/MALE vs. FEMALE/MALE
- Telephone numbers are formatted as: (XXX) XXX-XXXX
- To update rabies cert. & the date, a drop down box available to enter newly updated information and thus could store the old rabies info (date and cert.).
- Massachusetts New Animal License including Rabies boiler plate
Requested comments / information from all **ALS**© Clients
- Adding Scan / Print / View –**SPV**© to Animal Licensing **ALS**© providing the ability to scan-in any document and attach to a DOG(s) or Owner records
- A report of spayed/neutered dogs in addition to the other reports available
- Listing of A.C.O. violations
- Enhanced Customer support in addition to the 24/7 online Support Portal, live people who answer the phones during the normal business hours.
